Hi Mike

Thank you for attending the site of Kendall street with Andrew Taylor , Andrew Fuaux.

I hope your Knee is better and I'm sorry I should have offered you a seat.

Note that we have not yet seen the new No Through sign as yet that Andrew Taylor agreed to implement and trust it will be asap.

Please find a letter attached in response to the issues raised at the above meeting

Also, if you could forward the letter to the Andrew T and Adrew F I have no email for them.

Apologies for such a long letter . I haven't had time to condense it better and easier to read, I appologize for repeating through out. I appreciate you to take the time to read it and look forward to your support in 2022

Have a merry Christmas for now

Melanie
